The form of surveillance applied by the company will depend upon the circumstances; however, the primary mechanism utilised for detection of the presence of drugs or alcohol is urine testing, which is recognized as a reliable and appropriate test method for which there is extensive scientific information.

KAIZEN

Intoxicant testing will be undertaken by suitably competent service providers, with appropriately trained collection officers engaged to ensure full integrity of the sample(s).

GRIEVANCE POLICY...

Kaizen Workforce Solutions understands that when people work together there are going to be issues or misunderstandings that need to be dealt with from time to time.

Therefore, to ensure proper business conduct, it is the policy of Kaizen Workforce Solutions to deal with grievance and disciplinary matters in a systematic way that is clearly understood by all concerned. All issues will be dealt with in the strictest of confidence. However, if an investigation into any matter is required it may be necessary to interview other staff members who may have relevant inputs.

The purpose of the grievance procedure is to provide a formal method for an individual member of staff to take up a complaint or concern with management. It is Kaizen Workforce Solutions view that the most satisfactory way in which good working relationships are promoted is through consultation with staff and through the resolution of grievances as close as possible to the point of origin.

GRIEVANCE PROCEDURE

Employees are expected, in the first instance, to make efforts to resolve grievances directly with the person(s) concerned. In cases where problems cannot be resolved at the point of origin, the following resolution procedures may be implemented:

PROCEDURE STAGES

KAIZEN
WORKFORCE SOLUTIONS

Stage 1

The complainant raises the matter with their direct line Manager or equivalent member of senior management team. Management will request that the grievance/complaint be set down in writing by the complainant. Management will investigate the grievance and will do their best to resolve the matter, if possible, within ten working days, unless away on leave or business.

Stage 2

If the matter has not been resolved, the complaint is made in writing to the HR department, who will attempt to resolve the matter within a reasonable timeframe.

Stage 3

If still unresolved, all parties have the right to ask for the help of an agreed outside arbitrator, a meeting with whom will be held within twenty-eight days of the agreement to have an arbitrator. The decision of the arbitrator will be final.

DISCIPLINARY POLICY...

Satisfactory standards of performance and behaviour are required of all Kaizen workforce solution employees. A fair and equitable disciplinary procedure is used to deal with employees who do not meet these expected standards. The objective of such procedure is not to impose a punishment on such an employee, but to have in place a system which allows the employee time to improve their performance or conduct.

DISCIPLINARY PRINCIPLES

KAIZEN
WORKFORCE SOLUTIONS

- At all stages of the procedure the employee will be advised of his/her right to be accompanied by a work colleague or representative
- All stages of the procedure the employee will be advised in advance of the nature of the complaint against them and will be afforded the opportunity to state his/her case before any decision is made.
- While the procedure will normally be operated on a progressive basis, it may be implemented at any stage if the employee's alleged misconduct warrants such action.
- In addition to the issuing of warnings the employee may be subject to any disciplinary sanctions including the withholding of salary incremental increases, demotion or suspension without pay.

DISCIPLINARY PROCEDURE

Non performance can arise in the following areas: poor time-keeping, unreasonable or unexplained absence, lack of application, damage to Kaizen workforce solutions property, poor job performance, poor attitude, or breach of Kazien Recruitment procedures for employees.

If the problem is not resolved, formal disciplinary procedures will be implemented. The following are the stages in the disciplinary procedure:

Stage 1 : Verbal Warning

An employee whose work performance or conduct is unsatisfactory will normally be issued with a formal verbal warning by human resources. The employee will be advised of the specific aspects of work which are below standard, the improvements required and the timescale for improvement. He/she will be advised the warning constitutes the first stage in the disciplinary procedure and failure to improve may result in further action under stage 2. A record of the warning will be kept on the personnel file, for six months.

Stage 2 : Written Warning

If the employee fails to make the necessary improvements or if the poor performance / conduct is more serious He/she will normally be issued with a formal written warning by human resources for a period of 12 months. This warning will give details of the complaint,

KAIZEN
WORKFORCE SOLUTIONS

improvements required and timescales for improvement. The employee will also be advised that failure to improve may lead to the issuing of a final written warning under stage 3 of the disciplinary procedure. This will be retained on file for a minimum of one year.

Stage 3 : Final Written Warning

If the employee fails to make the necessary improvements s/he will normally be issued with a final written warning by human resources. This warning will give details of the complaint, improvements required and timescales for improvement. The employee will also be advised that failure to improve may lead dismissal or other sanction short of dismissal under stage 4 of the disciplinary procedure. This will be retained on file for a minimum of one year.

Stage 4 : Dismissal

Where the final written warning has been issued, human resources will decide if dismissal is the only option left to pursue in the resolution of the conflict. In the case of gross misconduct, the following will apply. This will be retained on file for a minimum of one year.

BULLYING AND HARRASSEMENT...

BULLYING

Bullying in any form will not be tolerated.

KAIZEN
WORKFORCE SOLUTIONS

The maintenance of a safe work environment and the prevention and elimination of workplace bullying is a key objective of the Kaizen Workforce Solutions.

All reasonable steps will be taken to create a culture within Kaizen Workforce Solutions that creates respect for each employee.

Definition of Bullying:

'Workplace bullying is repeated, unreasonable behaviour directed towards an employee, or group of employees, that creates a risk to the health and safety of the employee.'

What Bullying is not:

Bullying is not the Manager/Supervisor carrying out their required responsibilities, or in relation to the investigation of complaints or the management of unsatisfactory performance.

Each employee is responsible to safeguard their own safety and welfare as well as the safety and welfare of his/her colleagues who may be affected by his/her action while at work. It is therefore important that each employee is made aware of their duty not to place another employee's safety and welfare at risk by engaging in bullying or to take appropriate steps to stop bullying if it does occur.

PROCEDURE FOR ADDRESSING BULLYING IN WORKPLACE

INFORMAL PROCEDURE:

Often an informal approach may be adequate to deal with a bullying issue and ideally an attempt should be made to address an allegation of bullying as informally where possible.

KAIZEN
WORKFORCE SOLUTIONS

The objective of an informal approach is to resolve the difficulty with the minimum amount of conflict and stress for the individuals concerned.

Step 1:

Any employee who believes that they are being bullied should explain clearly to the alleged perpetrator that the behaviour is unacceptable, if the complainant finds it difficult to approach the perpetrator, they should seek advice and help on a confidential basis from the Manager/or a selected individual of choice.

Step 2:

Having consulted with the Manager, the complainant may request the assistance of this person on raising the issue with the alleged perpetrator. The approach of the Manager/selected individual in this instance should be confidential and non-confrontational with a view to resolving the issue in an informal manner

Step 3:

A complainant may decide to by-pass an informal procedure. A complainant's decision not to use an informal procedure should not reflect negatively on a complainant in the formal procedure.

FORMAL PROCEDURE:

If for any reason the complainant finds the informal approach inappropriate or if after the informal stage, the bullying persists, the following formal procedure should be applied.

Step 1:

The complainant should make a formal complaint in writing to the Manager or in the instance if the manager is the alleged perpetrator, a nominated member of the HR sub-committee of the Executive. Complaints should be confined to precise details of actual incidents of bullying.

Step 2:

KAIZEN
WORKFORCE SOLUTIONS

The alleged perpetrator should be notified in writing that an allegation has been made against them. They should be given a copy of the complainant's statement and advised that they will be afforded a fair opportunity to respond to the allegation.

Step 3:

The complaint should be investigated by a designated member of management or HR Sub-Committee who can be considered impartial, with a view to determining an appropriate course of action, such as a mediated solution or a view that perhaps the issue can be resolved informally.

Step 4:

Should this procedure be deemed insufficient or inappropriate then a formal investigation of the complaint should be carried out.

Step 5:

Investigation:

Investigations should be carried out by either a designated member of management or agreed 3rd party. This investigation should be carried out thoroughly, objectively, with sensitivity and confidentiality.

Step 6:

Outcome:

Should it be decided that the complaint was well founded; the alleged perpetrator should be given a formal interview to determine an appropriate course of action. This may include, monitoring of progress or progressing the issue through the disciplinary and grievance procedure in the Company.

If either party is unhappy with the outcome of the investigation, the issue may be processed through the normal industrial relations mechanisms.

KAIZEN
WORKFORCE SOLUTIONS

HARASSEMENT/SEXUAL HARASSEMENT

Freedom from harassment is a condition of work which every employee is entitled to and harassment of employees due to any of the forms of discrimination listed above will be a breach of the Kaizen Workforce Solutions policy on Harassment.

Management is committed to treating harassment/sexual harassment as misconduct under the organisation's normal disciplinary procedure. For very serious incidents or repeated incidents of sexual harassment after warnings and due investigation, dismissal is a potential result.

Harassment may exist whether the act was done consciously or not, and whether the specific employee alleging harassment is named by the harasser or is the intended victim of the harassment.

All managers will be required to implement this policy and to set appropriate standards of behaviour by their own example.

All employees are required to comply with this policy and are responsible for ensuring that sexual harassment does not occur at any level in the organisation.

DEFINITIONS:

Harassment is any form of unwanted conduct in relation to any of the discriminatory grounds.

Sexual Harassment is any form of unwanted verbal, non-verbal or physical conduct of a sexual nature, being conduct which in either case has a purpose or effect of violating a person's dignity in creating an intimidating, hostile, degrading, humiliating or offensive environment for the person. Unwanted verbal or physical advances, words or actions of a sexual nature or with sexual undertones even if offence is not specifically intended, display in the workplace of material of an explicit sexual nature, which are objectionable to the recipient, cause offence, discomfort or humiliation, or interfere with a person's ability to work.

KAIZEN
WORKFORCE SOLUTIONS

PROCEDURE FOR ADDRESSING HARASSEMENT IN WORKPLACE

INFORMAL PROCEDURE:

Step 1:

An employee who feels that they are being harassed should first attempt to resolve the problem informally if this is possible. They should explain clearly to the alleged perpetrator that the behaviour in question is unwelcome and offensive.

Step 2:

If the employee in question finds it difficult or embarrassing to communicate directly with the perpetrator, they should communicate with the assistance of a third party, for example, a friend, sympathetic colleague, Manager, or union representative.

FORMAL PROCEDURE:

Step 1:

If the problem continues or if it is not appropriate to resolve the problem informally (for example, because of the severity of the harassment) it will be necessary to process the complaint through the grievance procedure.

Step 2:

If at the end of the full grievance procedure the complaint was valid, disciplinary action will be taken to stop the harassment immediately and prevent its recurrence.

Step 3:

KAIZEN
WORKFORCE SOLUTIONS

Management will carefully monitor the workplace following a complaint which is held to be well-founded, with reference to the offender's behaviour and the prevention of victimisation of the complainant.

Outcome:

Where a complaint is not upheld by the formal investigation this does not necessarily indicate that the complaint was malicious. While a malicious complaint will generally be treated as misconduct under the disciplinary procedure, the application of this provision should not in any way deter employees from bringing forward legitimate complaints.

KAIZEN
WORKFORCE SOLUTIONS

- No replacement to carry out your work
- The nature of your duties
- The number of other employees also taking parent's leave
- Any other relevant matters

PARENTAL LEAVE

Parental leave supports parents to take unpaid leave from work to spend time looking after their children. You are entitled to 26 weeks, or pro rata equivalent, parental leave for each eligible child before their 12th birthday.

If you do not work full time, your entitlement to parental leave will be reduced on a 'pro-rata basis'. This means that, if you work 50% of a normal working week, you can take 13 full working weeks' worth of parental leave etc

In some cases, you and your employer will need to calculate what your normal working week is, based on the number of hours worked in the previous 26 weeks

Six weeks minimum notice must be provided to your employer, prior to the date of planned leave, in order to take Parental Leave

You must have been working for your employer for a year before you are entitled to parental leave

Please note that your employer does not have to pay you while you are on parental leave, and no payment if provided by the state.

Enquiries can be made directly to the Department of Social Protection (DSP).

DOMESTIC VIOLENCE LEAVE

If you are experiencing domestic violence and abuse, you may need to take time off work for urgent and essential matters relating to your situation.

This could be for medical visits, legal proceedings, counselling, looking for alternative accommodation or accessing domestic violence services. It might not be possible to do these things outside your work hours or you may need to keep them hidden from your abuser.

From 27 November 2023, you have a legal right to 5 days of paid domestic violence leave if you need to take time off work because of the abuse. If you work part-time, you are entitled to domestic violence leave on a pro-rata basis. This means, for example, if you work 50% of a normal working week, you are entitled to 2.5 days' leave.

You do not need to be working in your job for a certain amount of time to qualify.

You do not have to give your employer notice to take the leave in emergency circumstances. However, you should give notice if you are able to.

You are eligible if the person perpetrating the domestic violence and abuse is your:

- Cohabitant
- Intimate partner
- Child who is under 18
- Another dependent person

This leave can be taken to allow you, or the person you are supporting, to do any of the following:

- Get medical help
- Access services from a victim services organisation
- Access counselling
- Relocate temporarily or permanently
- Get a safety order from the courts
- Get help or advice from a legal practitioner like a solicitor
- Get help from the Garda Síochána

Kaizen will not make any reference to domestic violence leave on your payslip.
